

How to Choose Hillsdale First

HILLSDALE STRONG.
Hillsdale First.

You have a choice! Advocate for yourself as a patient to choose Hillsdale First.

Connect with one of our primary care providers!

If you don't already have a primary care provider, get connected with one of ours! You can see a complete listing at [hillsdalehospital.com/carenow](https://www.hillsdalehospital.com/carenow).

Directly ask to receive your care at Hillsdale Hospital!

If your provider or specialist is referring you for imaging, lab work, outpatient services, etc., tell them you want to receive your care in Hillsdale and ask them to refer you to Hillsdale Hospital. If they say they've referred you somewhere else already, ask them to change it. Where you receive your healthcare is up to you!

Confirm Hillsdale can provide the type of care you need!

If you're asking to be referred to Hillsdale Hospital or one of our providers and you are told that Hillsdale doesn't or can't offer that service or specialty, visit our website at [hillsdalehospital.com](https://www.hillsdalehospital.com) or give us a call at (517) 437-4451 to confirm. Other locations and systems aren't always aware of what our capabilities are and may be operating on incorrect or outdated information.

Stay up-to-date on our services and specialties!

If you need a particular service, specialty or program that you're not sure we have, check our website to find out before going to another provider. For a comprehensive listings of services and providers, visit [hillsdalehospital.com](https://www.hillsdalehospital.com).
